

MJ-1006B 6in1  
36LEDs Zoom Moving Head Light With Touch Screen (6 in 1)

## SCHEMA TECNICA

- 36 PCS 18W 6in1 LED (RGBWA UV)
- Specially designed efficient optical lens
- Linear motor zoom function, zoom angle is 10° to 60°
- 630 degree Pan movement, 270 degree Tilt movement
- 16 bit pan/tilt rotation adjust
- Scanning memory location, automatic reset function and error correction
- RGBW mixing color system
- Mixed color uniform smooth full
- LED light shut system, speed adjustable
- 18 times/sec stroboscopic effect
- 0-100% Smooth linear dimming
- LED rainbow effect
- DMX512, Master-slave, sound, auto control mode
- LCD color touch screen with Chinese and English menu, adjustable brightness and contrast
- Low noise, high efficiency cooling fan system
- 45°C maximum ambient temperature
- IP33 waterproof rating
- IEC power plug input
- 3 pin XLR connector input and output Input Voltage: AC90-240V,50-60Hz
- Power Consumption: 420W
- Control Channel: 14/17 DMX512 channel
- NW: 10.5 KG
- GW: 12.8 KG
- Product size:340\*230\*470mm
